# Student Satisfaction Survey Report 2020-21

Student Satisfaction Survey (SSS) is one of the mandatory criteria set by National Assessment and Accreditation Council (NAAC). It is also a pre qualifier for Assessment and Accreditation of the institution.

The Student Satisfaction Survey by NAAC primarily focuses on Teaching Learning Evaluation. It collects in-depth data of a student's satisfaction with the teaching learning environment of the college. The students responses are collected and analyzed based on questions designed by NAAC. After going through the question set one understands that the feedback collected from students definitely useful for the streamlining the services offered to students. It seems that the survey was created by experts and leaders in the education to assist the educational institutions to define the success of the most important aspect of education- teaching and learning. The results of the survey summarize the expectations of the students and experts educationalists and the extent to which the College was able to meet these expectations.

The survey asks questions that will provide information about implementation support, enhanced knowledge and changed practice.

The data has been collected directly from the students through questionnaire provided on the website of NAAC in April 2021. Online Google form for the same was created and shared through online links so that it can reach to each and every student of the college.
