## **Strength Weaknesses Opportunities and Challenges (SWOC):**

### **Institutional Strength:**

- Education is available to all eligible students at affordable fees.
- Beautiful, lush green and environment friendly college campus.
- Adequate infrastructure for teaching, learning, research and extension activities.
- Well-furnished and spacious class rooms and laboratories.
- Departmental library facilities are also available.
- Transparency, diversity and inclusiveness in the admission process.
- Academically encouraging and conducive atmosphere, dynamic and diverse student population with 98.72% belonging to reserved categories.
- Library and office with computerization.
- Committed and visionary management.
- The college has one ongoing major research projects of SERB-DST, Government of India and another 24 minor research projects have been successfully completed.
- College has 37 MoU's with other institutions /colleges / NGO's, etc. and also organized 48 seminars, conferences and webinars in collaboration with IQAC during last five years.

### **Institutional Weaknesses:**

- Least funding for infrastructure and for research by Government of India and Maharashtra Government.
- Maximum students are first generation learners.
- Higher proportion of students from weaker section of the society.
- Lack of local industries supporting resource mobilization and employment generation.
- Inadequate transport facilities for students.

### **Institutional Opportunities:**

- Hilly, tribal area and remote location of the college.
- The college has an opportunity to eradicate malnutrition, superstition, addictions of tribals'.
- To start PG departments in Science and Commerce.
- To start research center in the area of biodiversity.
- Scope for inter-university student exchange programmes.
- To start more number of skill-development and vocational courses.
- The college has opportunities to undertake location specific research work relevant to tribal farming needs.

### **Institutional Challenges:**

- Technology transfer from academics to industries, improving students of tribal background.
- Enabling the students to improve their English communication skills to survive with global competencies.
- Making the syllabus more industry-friendly.
- Boosting the confidence among tribal students.
- Professional and P.G. courses are permanently self-financed.
